Freeman has been a workhorse for Kalamazoo this summer, throwing 38 innings. Has given up 2 runs in 10 innings against the Battle Jacks, with 5 BB and 10 K. Last outing was Jul 13 vs Kenosha, where he was hit hard: 4 IP 12 H 7 R. Not the strongest fastball, so instead throws mostly offspeed. Lefties will see a heavy dose of a deceptive changeup that has induced whiffs on 64% of swings. He spots the changeup well low and away, allowing for its vertical and horizontal break to be most effective. Righties will see mostly sliders, even early on in counts. While he generally does a great job of spotting his pitches, he can get a bit wild in some outings (5BB in 6IP vs TVC). Very stable and consistent arm, will likely throw 5-6 innings.
