### Comments

Not a large sample size as he has only thrown 9 total innings across all leagues the past two seasons. Over the top fastball in the upper 80s that he leaves in the middle of the zone, batters are 8-for-16 on the pitch. Likes to spot the curveball at the letters or low and golveside, pitch has good break but hasn't triggered many swings. Has not thrown a changeup yet, making it easier to guess and sit on pitches, especially the fastball.
