A change of pace from most NWL pitchers, finesse lefty with a fastball sitting a flat 80. Best pitch is a sweeping curveball with a ton of break, which he spots very well. Finishes most curveballs at the knees or below, but tends to start righties off with a backdoor breaking ball that just clips the outer half for a strike. Generally works low and outside for the entirety of the at-bat. Has used the fastball more this summer, but he has only pitched in relief to this point. Look for more pitch variety and increased curveball usage in his first NWL start.
