Comments

Not a big sample size. Not the strongest or most lively fastball, very hittable pitch that has a batting-ave against of .400. Curveball has inconsistent break, most pitches have only slight break but occasionally will nosedive. Exclusively throws his changeup to lefties, and loves to paint the outside corner, but has allowed a homerun when it hangs middle in. Look for him to throw this often early in the count if we have another wide strikezone.
