Comments

In his sixth season of collegiate summer baseball and third with the Rockford Rivets. Has been successful this season and can go very deep into games. Throws a standard fastball, topping out at 89, and has a good arsenal of offspeed. Curveball is slow and loopy, starts out up above the hand on release but has great break. Slider is nearly identical to curve just with more velocity. Best pitch is a changeup with long vertical break, similar to his curveball just in reverse. Not a power pitcher, but a collegiate veteran who knows how to gets guys out with good offspeed.
