## Comments

Has a strong fastball, and loves to use it. Has only one registered fastball velocity on Synergy since 2020 and it clocked in at 95.3 this summer, as a part of his increased barrage of 90% fastballs. Has seen 33 batters this summer. Every single one has gotten a first pitch fastball. 100% first pitch fastball, 82% of which were strikes. If you can time Lacey up, you will get a fastball to turn around. Curveball has ver, as large vertical break, and frankly I'm not sure why it isn't used more, as hitters are 0-12 with 9K against the pitch on Synergy.
